PROFESSIONAL SUMMARY

Data Analyst with internship experience in **Python, SQL, data cleaning, EDA, and business intelligence**. Skilled in **Power BI, Tableau, Excel, Pandas, NumPy, and MySQL**, with experience in data visualization, KPI reporting, dashboard development, and data validation. Experienced in working with **business and data requirements**, identifying trends and patterns, automating reporting tasks, and communicating insights to support data-driven decisions.

TECHNICAL SKILLS

Programming & Libraries: Python, Pandas, NumPy, Plotly

Data Analysis: Data Cleaning, Data Transformation, EDA, Statistical Analysis, Trend Analysis, Data Validation

SQL & Databases: SQL, MySQL, SQLite, JOINS, CTEs, GROUP BY, Aggregations, Window Functions

Business Intelligence: Power BI, Tableau, Excel, Pivot Tables, VLOOKUP, KPI Reporting, Dashboard Development

Tools: Jupyter Notebook, Git, GitHub, Visual Studio, Streamlit

Machine Learning: Regression, Classification, Random Forest, Feature Engineering

EXPERIENCE

Siddharaj Innovations Pvt. Ltd.

Pune

Data Analyst Intern

Dec 2025 – Aug 2026

- Cleaned and prepared **product datasets** using Python, Pandas, and NumPy, handling missing values, duplicates, and data inconsistencies.
- Used **SQL** to extract, filter, join, and aggregate records using **JOINS, GROUP BY** for reporting and analysis.
- Performed **EDA** using Python to examine pricing, ratings, inventory levels, and performance across different categories.
- Automated **data cleaning, validation, and recurring reporting tasks** with Python, reducing repetitive manual work.
- Built interactive **Power BI dashboards** with KPIs and visualizations to monitor performance, inventory, pricing, and rating metrics.
- Worked with the team to understand **business and data requirements**, validate results, prepare reports, and communicate key findings.

PROJECTS

Phishing Email Detection Web App (GitHub)

Aug 2024 – Mar 2025

(Python, Machine Learning, Flask)

- Analyzed and cleaned phishing email datasets using **Python and Pandas**, performing **EDA** to identify phishing patterns.
- Applied **TF-IDF** for feature extraction and performed feature engineering to identify characteristics for phishing.
- Developed a **Scikit-learn classification model** achieving **92% accuracy** through feature engineering.
- Built a **Flask web application** for real-time phishing email detection and prediction based on email content.
- Integrated **SQLite** for user authentication, email records, prediction results, and automated data management.

Interactive Analytics for Business Growth (GitHub)

Dec 2023 – Mar 2024

(Python, Pandas, NumPy, Plotly, Streamlit)

- Cleaned and transformed **5000+ sales records** using Pandas and NumPy, preparing the dataset for analysis and reporting.
- Performed **EDA** to examine sales, customer, profitability, and regional trends.
- Compared **regional and product performance** to identify areas with stronger sales and profitability.
- Developed an interactive **Streamlit and Plotly dashboard** to monitor KPIs and present business performance metrics.
- Presented key findings through visual reports to support **data-driven business decisions**.

Global Tech Salary Dashboard (GitHub)

(SQL, MySQL, Tableau)

- Analyzed global technology salary data using **SQL JOINS, GROUP BY, aggregations, and window functions** to compare compensation patterns.
- Cleaned and transformed salary datasets in **MySQL** to improve data quality, consistency, and reporting accuracy.
- Developed an interactive **Tableau dashboard** to visualize salary trends across countries, job roles, and experience levels.
- Created **KPI reports** comparing salaries by role, company size, location, and experience level.
- Summarized compensation patterns to support **market research and data-driven decision-making**.

EDUCATION

Dr. D. Y. Patil Pratishthan's College of Engineering

Kolhapur

B.Tech in Computer Science Engineering (Data Science), CGPA: 8.04

Aug 2021 – Jun 2025

Laxmanrao Kirloskar Vidyamandir And Junior College

Palus

Higher Secondary Certificate (HSC), Percentage: 86.17%

Jun 2020 – Feb 2021

CERTIFICATIONS

Oracle: Certified AI Foundations Associate

IBM: Python for Data Science

HackerRank: SQL Certification

Simplilearn: Power BI and Tableau Certification

LinkedIn Learning: Applied Machine Learning Algorithms
